

2016 ANNUAL REPORT

PROMOTING SUTAINABLE TRANSPORTATION AND HEALTHY RECREATION IN JACKSON HOLE

February 2016

DEAR FRIENDS:

The past year for Friends of Pathways has been defined by thousands of hours of advocacy, education and on-the-ground labor to **connect people to their environment and community**. Increasing our presence on trails and pathways with volunteer ambassadors, developing a Bike Share program, and doubling the size of our Youth Trail Crew topped our programmatic direction.

A crowning achievement of our trails program was the construction of the Skyline Trail – 5.8 miles of singletrack connecting Snow King Mountain to the Cache/Game Divide. The project was the culmination of many years of dreaming and planning with the Bridger-Teton National Forest and community stakeholder groups.

While the staff worked hard on program priorities, the board tackled a mission expansion to include promotion of sustainable transportation choices such as public transit and Bike Share. This is a natural evolution for FOP, which for years has asked our community to “Be Today’s Solution” by choosing travel and recreational modes respectful of the environment and our special home. **Pathways, whether dirt or pavement, are portals for getting outside and moving about our valley.** As these pathway connections develop, they will become an increasingly attractive option for commuters and recreationists alike. But there are still more connections to be made and work to be done.

Which is why we will continue to rely on you, our amazing Friends, to work with us in pursuit of a healthy, active and connected Jackson Hole. **Thank you for all that you have done, and continue to do, to support FOP.**

Greet your neighbors, follow management rules, and smile!

SUCSESSES & CELEBRATIONS

Celebrated 20 Years of Pathways – Honoring Russ Garaman who advocated and helped fund the first mile of pathway in 1996.

Connected South Park Loop Pathway – adding 2.3 miles of Pathways to Teton County's 65 mile network.

Championed a Bike Share program for the Town of Jackson that will be launched during the spring of 2017.

Constructed the Skyline Trail from the top of Snow King Mountain to Game Divide – a 5.8 mile multi-use trail with breathtaking views and ridge-top terrain.

Coordinated and employed a nine person youth trail crew to help with maintenance and rehab on 130 miles of Bridger-Teton National Forest Trails.

Expanded our Mission to **Include Sustainable Transportation.**
