

February 2015

DEAR FRIENDS:

Friends of Pathways wrapped up our twentieth year in 2014! In two decades, the organization has evolved from a handful of visionary volunteers to four full-time staff members and six seasonal employees. From the first mile of pathway poured in 1996, to construction of the Phillips trails in 2011, to the inspirational opening last September of the Snake River Pedestrian and Cyclist Bridge, we certainly have a lot to celebrate! [And we aren't done yet!](#)

In 2015, Friends of Pathways will continue to enhance Jackson Hole by:

- Advocating for a safe and complete pathways network;
- Stewarding 125 miles of front-country trails on the Bridger-Teton National Forest;
- Educating the next generation of cyclists through recreational and in-school programs; and
- Encouraging responsible behavior on the pathways, in the Teton Pass winter backcountry, and on Forest trails.

Without a doubt, our successes are a direct result of your generosity, your time and your steadfast belief that trails and pathways enhance life! So thank you for being a part of FOP, whether it has been one year, or twenty, your support matters.

Looking forward to more celebrations in 2015!

Best regards,

Dave Landes
